

We at Johnson Pools want to ensure your satisfaction throughout the process of your hot tub search. This process begins with the spa quote, which is enclosed with this letter. Since you may be getting quotes from other dealers, we want to make sure the bids are comparing **"APPLES TO APPLES"**. Although not listed on our quote, we feel it is necessary to list the features that are included in every spa we sell, unless otherwise specified. These are:

- Comfort Guard Limited Warranty (see last page of brochure)
- Delivery and set-up at location.
- 240 volt, 50 amp GFCI quick disconnect box
- Complete sanitization and balancing water-care system. (4-6 months supply)
- 33" Two-tier, Grey or Redwood, matching *wood* spa steps
- Instruct owners on water-care and operation of spa.

Thank you for giving us the opportunity to fulfill all your spa needs. We hope to satisfy all of your spa expectations. We have also included brochures and literature regarding to your spa accessories. If you have any questions, please contact us at (707) 837-0604 extension 201.

Thanks again for considering Johnson Pools and Caldera Spas.
